Respected Sir,

The undersigned begs to bring the following few lines for your benign consideration with the fond hope that proper ends of justice would be met at your hands.

Mysore City Municipality consists of 24 elected members. At the Municipal Election held in the year 1943, all the seats were captured by the members of the Mysore State Congress. With this absolute majority, the elected members can accept or reject, do or undo things as they please, if allowed to pass unchecked by the Government. Of late, how these stalwarts, who profess to stand for truth have shielded the nasty act of corruption by one of their colleagues, a Municipal Councillor is a point for kind consideration by your Honourable-self. One G.R. Rangaswamiah who is elected from Kandi Mohalla, is the person involved in this affair. The said Municipal Councillor was maintaining one of his cows in the Municipal Bullock shed situated behind Kanjaraja Bahadur Choultry for the last one year with the connivance of the peons and the permanent mastry one Ramachandriah. The fact was discovered by the in charge Mestry who was posted recently. He noticed the presence of a cow in the Bullock Shed and called for explanation of the peons. The peons seem to have told him that the cow belonged to G.R. Rangaswamiah, the Municipal Councillor. The version of the peons seems to differ as to the duration of the period from which the cow was maintained there. The Mestry obtained the statements of the concerned peons and reported the matter to the Health Officer. It is learnt, subsequently that the statement of Mr. G.R. Rangaswamiah, the Municipal Councillor concerned, was also obtained by the Health Officer. Mr. G.R. Ranga-Swamiah, it is understood, has admitted to his maintaining the cow for one week in the Bullock-shed. This evidently

One G.R. Rangaswamiah who is elected from Mandi Mohalla, is the person involved in this affair. The said Municipal Councillor was maintaining one of his cows in the Municipal Bullock shed situated behind Manjaraja Bahadur Choultry for the last one year with the connivance of the peons and the permanent mastry one Ramachandriah. The fact was discovered by the in charge Mestry who was posted recently. He noticed the presence of a cow in the Bullock Shed and called for explanation of the peons. Mr. G.R. angaswamiah, it is understood, has admitted to his maintaining the cow for one week in the Bullock-shed. This evidently

proves that this representative of the rate-payers has made use of his office as Municipal Councillor, for his own personal gains. It is also learnt that Mr. G.R. Rangaswamiah is the brother-in-law of the contractor who supplied to this bullock-shed hay. The hay supplied there was stealthily removed by the peons to be supplied again with the assistance of the Municipal Councillor and the Contractor. Further the Councillor in question, by such acts has been guilty of misconduct in involving loss to Municipal property by feeding his cow at the cost of Municipal Bullocks. Under the circumstances, he is liable for removal from the Municipal Councillor's place in accordance with Section 14 of the Municipal Regulation of 1933. It is regrettable that the Congress Colleagues of Mr. G.R. Rangaswamiah have, so far shielded such act of corruption.

The cuttings of a local paper in this behalf, is also enclosed herewith to substantiate all that I have stated above.

I, therefore trust and hope that this matter will receive your kind attention so as to deal with the culprit in the name of justice and fairplay.

Subject :- Health Officer's Report No HI PR 380 dated 12th February and HI PR 380 dated 14-2-1946 on the allegations contained in an article in the Mysore Patrika dated 8th Feb. 1946 under the caption 'ಕರಿಯಲುಗಾವಲು"'

ORDER.

In the Mysore Patrika of the 8th February 1946, the undersigned observed an article under the caption 'ಕರಿಯಲುಗಾವಲು' The Health Officer was requested to send a report regarding the allegations made therein His report No HI PR 380 dated 12th February 1946, with five enclosures viz , statements of the two watchmen Chikkalingiah and Malla, Foreman Mr S.S Raju and Mr G R Rangaswamiah, Municipal Councillor and a mahazar drawn up in the presence of witnesses viz , Mr T. Narayana of Mysore Patrika, Mr K.N.S.Swamy and Municipal Councillors Messrs M N Jois, K.S Satyanarayana Rao and M R C Basappa, was perused The Mahazar is dated 8-2-46 and watchman Malla has said that a 'black cow' (ಒಂದು ಕಪ್ಪು ಹಸು) belonging to the Councillor Mr Rangaswamiah is in the cattle shed at Nanjaraja Bahadur Chattram for the past 8 days, while Chikkalingiah has stated that the cow is in the cattle shed since one year In his subsequent statement dated 9-2-1946, Malla has again stated that the cow in question belonged to Mr G R Rangapapanna (Municipal Councillor, Mr Rangaswamiah) that it was in the cattle shed for the past 8 days and that Mr Rangaswamiah had told maistry Ramachandra Rao to have it in the cattle shed This fact is corroborated in the statement dated 9-2-46 given by Chikkalingiah and it is alleged by him that the cow is in the cattle shed for the past one year and that the maistry Ramachandra Rao is fully aware of it.

The Health Officer in his above report recommends for punishment in this connection to the two watchmen and the Foreman Mr S S Raju From a perusal of his report, it is observed that the Health Officer has made no reference at all to the maistry Ramachandra Rao who is in direct charge of the Municipal Cattle shed and that his name has been completely ignored although he is primarily responsible for the upkeep of the cattle in the shed After this omission was pointed

out to the Health Officer, he has simply forwarded with his report No HI PR 380 dated 14-2-1946, the explanation of Ramachandra Rao, Cattle shed Maistry at the Nanjaraja Bahadur choultry mentioning that the same is sent as per instructions in continuation of his report dated 12-2-1946 It is strange that the Health Officer has not even at this stage made any remark about the dereliction of duty on the part of the maistry in charge of the cattle shed, although he is in duty bound ~~has~~ to express his opinion finally, in regard to the explanation given by the maistry in charge of the cattle shed Maistry Ramachandra Rao in his explanation says that on 28-1-1946, the Municipal Councillor Mr Rangapapanna came to him at the cattle shed and told him that he intended to leave his cow in the cattle shed to which the maistry said that he may do so after taking permission of the Health Officer, that on 31-1-1946 at 8 A M Mr Rangapapanna brought his cow and left it in the cattle shed and went away saying that he would come again, that the cow was grazing in the maidan and was not tied up in the cattle shed and that finally on 8-2-1946 he went on leave This statement of the cattle shed maistry appears on the face of it a cooked up one. While he has said in his statement that he asked the Municipal Councillor to obtain the permission of the Health Officer, he does not explain why he allowed it to be brought to the cattle shed on 31-1-1946 without such permission and why granting that he was speaking the truth and is really a faithful servant, he did not report the fact to the Health Officer or to the immediate Officer Mr Raju, as in duty bound It is to be remembered that it was on the morning of 8-2-1946 (8 30 A M) that the several Municipal Councillors noticed the cow in the Municipal Cattle shed at Nanjaraja Bahadur Chattram and maistry Ramachandra Rao has stated that he went away on leave from the same date. This raises a very strong suspicion against maistry Ramachandra Rao Further, while submitting his explanation dated 13-2-1946, the Health Officer does not say anything about the official going on leave from 8-2-1946 Even assuming that maistry Ramachandra Rao is speaking the truth, according to him alone he was in the know of the cow having been brought to th

Municipal cattle shed and as per his own admission he was in daily charge of the cattle shed from 31-1-1946 to 8-2-46 His omission in not having brought the matter to the notice of the authorities is a very serious one Inspite of this serious omission, the Health Officer does not even refer to this maistry, nor has he said anything about his respohsibilities or dereliction of duty

Now as regards the statement of the two watchmen, the Health Officer has not questioned Chikkalingiah, as to why he has stated that the cow in question was in the cattle shed for the past one year, while Malla has said that it was there for only 8 days, nor has he elicited the truth by confronting the several persons he has examined Inspite of these omissions the Health Officer recommends for punishment the two watchmen and the Foreman, Mr Raju, who is stated to visit the cattle shed only to supervise the work Mr Raju has stated that during his visits, he did not notice the cow and that he was frequently instructing the maistry not to allow stray cattle in the shed It is quite possible that the maistry in order to oblige the Municipal Councillor, was driving away the cow in question outside the cattle shed during the day time and admitting it in the cattle shed during nights for feeding etc The Municipal Councillor Mr Rangaswamiah has now stated in his letter dated 8-2-46 to the Health Officer that about 10 days back he left his cow in the Nanjaraja Bahadur cattle shed (ನಂಜರಾಜ ಬಹದ್ದೂರ್ ಪೌರಕಾರ್ಮಿಕರ ಕಾಲೋನಿಯಲ್ಲಿರುವ ದನದ ಕೊಟ್ಟಿಗೆಯಲ್ಲಿ ಬಿಟ್ಟಿದ್ದರು -) with the object of showing it to the Veterinary Doctor and tha he is prepared to pay the charges for the days in question Maistry Ramachandra Rao has however stated in his explanation that the cow was not left in the Municipal cattle shed It is therefore quite evident that maistry Ramachandra Rao has not come out with the truth, and wants to escape from his responsibilities and guilt. It is very much regretted that the Health Officer has not bestowed his mind to handle the enquiry in a proper manner and his judgment in the matter cannot be said to be correct In the result, I order that taking a lenient view

of the conduct of maistry Ramachandra Rao, he be fined Rs.10/- and that he should be removed from the charge of the cattle shed and put to less responsible work in some other section The other officials are severely warned to be careful in their work The two watchmen should be changed immediately A bill of cost should be sent to the Municipal Councillor Mr G R Ranga-swamiah and he may be definitely informed that he was not right in having used his position as Municipal Councillor in the manner he has done.

The Health Officer is requested to pay frequent visits to the several Municipal Cattle sheds and see that such irregularities do not recur.
